Model BA4000, complete with trailer	\$91,045.00
Model BA4000, no trailer (static mount)	\$85,215.00

BA4000 Notes:

- BA4000 units are made to recycle broken chunks specifically. Milled material can be recycled, however, most likely in batch format thus a loss
- BA4000 units *do not* have a self-propulsion option
- BA4000 units only come with a Hatz diesel engine, no other engine options are available
- The top hopper assemblies for all BA4000 units are manually operated
